8:45 AM 24th ANNUAL JOSEPH JANSE LECTURE: The Torch of Leadership

Dr. Daniel Saint-Germain (Québec)
Introduction by Dr. LeRoy Otto (MN) – FCLB President

ABOUT THE LECTURE SERIES ... The Federation established the Joseph Janse Lecture Series in 1990 to honor Dr. Joseph Janse's legendary oratory talents and lifelong insistence that those who are committed to chiropractic must – unceasingly – challenge the status quo.

He believed that wherever we are, it's not as far as we could be.

Speakers for the Janse Lecture series are chosen by a committee of the FCLB board based on their oratory skills, ability to envision future possibilities, and to encourage the audience of regulators to consider new points of view, new perspectives in their approaches to public protection.

The FCLB board does not review, screen, or approve the Janse remarks, either in advance of their delivery or after the fact. The Janse Lecture is successful if the speaker presents a different viewpoint and rekindles passion.

Like any authentic human relationship, it should provide comfort to the distressed, and distress the comfortable.

9:30 AM REGULATORY ISSUES: SPEED DATING STYLE

Moderators / Bouncers: Drs. Harvey Garcia & John McGinnis (SC)

Regulators face common problems, but handle them differently. This lively format will keep you on your toes while you learn how a dozen other attendees deal with the complexities of prerequisites, accreditation, examinations, mobility, and discipline.
